Project Title	Agmt./Task No.	Item No.	Agency Bgt. No.
SPR-3(074) Pavement Research and Technology	**SPR-3(074)**		
Research Agency	*Start Date*	*Estimated Completion*	*Revised Completion*
WSDOT	**4/8/99**	**06/30/02**	**12/31/10**

Principal Investigator(s) **Various**	*Technical Contact* **Tom Baker (360) 709-5401**
WSDOT Program Manager **Kim Willoughby (360) 705-7978**	*FHWA or Other Technical Contact*
Funding Source **WA, CA, MN, TX**	*Schedule Status* ☐ On schedule ☐ Ahead of schedule ☒ On revised schedule ☐ Behind schedule

Research Area

Pavements, Materials, Construction

Original Estimated Cost	Revised Cost	% Funds Expended	% Work Completed
$120,000	**$625,000**	**65%**	**70%**

Objective

Foster an exchange of pavement technology between the states involved and sponsor cooperative research of mutual interest.

Project Progress:

The last SPTC meeting was held on June 23-24, 2009 in Olympia, WA. Discussions were held on the following topics: warm mix asphalt, hot mix asphalt mix design, Portland cement concrete, sustainability, mechanistic-empirical pavement design guide, pavement smoothness, asphalt tack coat, and pavement preservation. Updates on the ongoing research (CalME and Greenroads) were provided. CalME is scheduled to end June 30, 2010 and Greenroads on June 1, 2010.

New Period Proposed Activity:

Place meeting notes on the webpage
Continue research activities
Plan next meeting for February timeframe at Astec Industries
