$150,000		5%	5%

Objective

The objectives are: (1) provide a forum for states to discuss tire/pavement noise issues and develop a proposed research plan, and (2) pool resources and efforts of multiple state agencies and industry to perform tire/pavement noise research in a similar manner (avoiding duplication) and sharing of data.

Project Progress:

Voting on the list on research projects is complete – the top two research interests are the Ambassador tours and the Rodeos. Work is ongoing to set up various rodeos and tours.
Potential rodeos: February 2009 in California with Paul Donovan and Rob Rassmussen; Ohio(?) and Minnesota(?) after the ADC40 and pooled fund meeting in July; NCAT (with Judy Rochat, Paul or Rob, Florida(?), and North Carolina(?)).
Potential Ambassador Tour: Montana spring or summer of 2009

New Period Proposed Activity:

Next meeting will occur in conjunction with the ADC40 summer meeting in Dayton, Ohio in July. The pooled fund meeting will occur after the ADC40 meeting (Wednesday-Friday).
