The purpose of this memorandum is to inform you that all activities on project TPF-5(297), “Improving Specifications to Resist Frost Damage in Modern Concrete Mixtures” have now been completed and the project is closed on the TPF website.

The Lead Agency Contact, Oklahoma Department of Transportation (DOT), should submit a Federal Highway Administration (FHWA) Transfer Request (Form FHWA-1575) through the FHWA Office of the Chief Financial Officer to return any remaining funding to each partner. The exact amount of funding that is to be returned, if any, to each partner can be found in the attached spreadsheet.

If you have any questions regarding the results of the funding reconciliation and/or the attached spreadsheet, please contact the Lead Agency Contact, Ronald Curb, with Oklahoma DOT. Ronald can be reached at 405-420-9163 or via e-mail at rcurb@odot.org.

I appreciate your contribution to advancing transportation technology through this research project and your participation in the TPF Program.
