Research, Technology, and Innovation  
Management  
McLean, VA 22101

To: Keith Lynch  
Division Administrator  
Salem, OR 97301

This memorandum is in response to the July 10, 2023, email from Jasmine Harris of your staff, requesting the waiver of the non-Federal funding match for State Planning and Research, Subpart B (SPR-B) funds for TPF project solicitation number #1600, “Stormwater Management to Address Highway Runoff Toxicity Due to 6PPD-Quinone from Tire Rubber”. We understand that the Oregon Department of Transportation will be the lead agency for this project and Kira Glover-Cutter will be the lead agency contact.

The proposed study meets the criteria for use of SPR-B funds used for research and development studies without non-Federal matching funds. The approval status will be reflected on the TPF website: [www.pooledfund.org](http://www.pooledfund.org), which serves as the primary mechanism for communication regarding pooled fund studies.

Greg Granato, Civil Engineer, will be the Federal Highway Administration’s technical liaison for this study. Greg Granato can be reached via telephone at (202) 366-7674 or via email at [gregory.granato@dot.gov](mailto:gregory.granato@dot.gov).

You may contact Tricia Sergeson at (202)493-3166 or [patricia.sergeson@dot.gov](mailto:patricia.sergeson@dot.gov) if you have questions or need further assistance.
