In Reply Refer To: HRDI-10

To: Patricia Sergeson
Transportation Pooled Fund Program Manager
Office of Corporate Research, Technology, and
Innovation Management
McLean, VA 22101

The Federal Highway Administration (FHWA) is the lead agency for the Transportation Pooled Fund (TPF) Program study TPF-5(521), “New Performance Approach to Evaluate ASR in Concrete.” FHWA accepts the lead agency role and agrees to receive, obligate, expend, and manage contributions from participating agencies.

Participating States and agencies utilizing Federal funds will be asked to submit their funding transfer requests through FHWA’s Fiscal Management Information System (FMIS). When submitting through the FHWA FMIS, please select the State to FHWA Program Office-Pooled Fund transfer type. Funds should be sent to the FHWA Office of Research Development and Technology (BPAC 040). As part of the fund transfer request, the State or agency should upload this memorandum and include the TPF study number TPF-5(521) in the pooled fund project number field. In the additional information field, please include TPF-5(521), “New Performance Approach to Evaluate ASR in Concrete.”

Participating agencies that wish to contribute non-Federal funding can do so via [pay.gov](https://www.pay.gov). For further instructions, please see chapter 11 of the *TPF Procedures Manual* (updated March, 2023), which is available on the [TPF website](#).

The lead agency coordinator for this pooled fund study, Terry Arnold, can be contacted at 202-493-3305 or terry.arnold@dot.gov. The FHWA technical liaison, Jose Muñoz, can be contacted at 202-493-3159 or jose.munoz.ctr@dot.gov for any questions about this study.
