This memorandum is in response to the May 22, 2024, email from Aryn Thompkins of your staff, requesting the waiver of the non-Federal funding match for State Planning and Research, Subpart B (SPR-B) funds for TPF project solicitation number 1614, “Establishment of a Public-Private Transportation Data Exchange Center.” We understand that the Missouri Department of Transportation will be the lead agency for this project and Jennifer Harper will be the lead agency contact.

The proposed study meets the criteria for the use of SPR-B funds for research and development studies without non-Federal matching funds. The approval status will be reflected on the TPF website: www.pooledfund.org, which serves as the primary mechanism for communication regarding pooled fund studies.

Jenna Sinclair, Transportation Specialist, will be the Federal Highway Administration’s technical liaison for this study. Ms. Sinclair can be reached via telephone at 202-366-5053 or via email at jenna.sinclair@dot.gov.

You may contact Tricia Sergeson at (202)493-3166 or patricia.sergeson@dot.gov if you have questions or need further assistance.
