Research, Technology, and Innovation
Management
McLean, VA 22101

To: Timothy Marshall
Division Administrator
Ames, IA 50010

This memorandum is in response to the June 6, 2024, email from Chris Cromwell of your staff, requesting the waiver of the non-Federal funding match for State Planning and Research, Subpart B (SPR-B) funds for TPF project solicitation number 1619, “Technology Transfer Concrete Consortium (FY25-FY29).” We understand that the Iowa Department of Transportation will be the lead agency for this project and Khyle Clute will be the lead agency contact.

The proposed study meets the criteria for use of SPR-B funds for research and development studies without non-Federal matching funds. The approval status will be reflected on the TPF website: www.pooledfund.org, which serves as the primary mechanism for communication regarding pooled fund studies.

Mr. Michael Praul, Program Lead Concrete Materials, will be the Federal Highway Administration’s technical liaison for this study. Mr. Praul can be reached via telephone at (207) 458-8823 or via email at michael.praul@dot.gov.

You may contact Tricia Sergeson at (202)493-3166 or patricia.sergeson@dot.gov if you have questions or need further assistance.
