To: Wendall Meyer  
Division Administrator  
St. Paul, MN 55101

This memorandum is in response to the June 6, 2024, email from Joe Campbell of your staff, requesting the waiver of the non-Federal funding match for State Planning and Research, Subpart B (SPR-B) funds for TPF project solicitation number 1610, “Phase II: Continuous Asphalt Mixture Compaction Assessment using Density Profiling System (DPS).” We understand that the Minnesota Department of Transportation will be the lead agency for this project and Kyle Hoegh will be the lead agency contact.

The proposed study meets the criteria for the use of SPR-B funds for research and development studies without non-Federal matching funds. The approval status will be reflected on the TPF website: [www.pooledfund.org](http://www.pooledfund.org), which serves as the primary mechanism for communication regarding pooled fund studies.

Dr. Hoda Azari, Program Manager, will be the Federal Highway Administration’s technical liaison for this study. Dr. Azari can be reached via phone (202) 493-3064 or via email at [hoda.azari@dot.gov](mailto:hoda.azari@dot.gov).

You may contact Tricia Sergeson at (202)493-3166 or [patricia.sergeson@dot.gov](mailto:patricia.sergeson@dot.gov) if you have questions or need further assistance.
