This memorandum is in response to the email from Aaron Bustow of your staff, requesting the waiver of the non-Federal funding match for State Planning and Research funds for TPF project solicitation number 1655, “Traffic Analysis Roundtable (2027-2031).” We understand that the Colorado Department of Transportation will be the lead agency for this project and David Reeves will be the lead agency contact.

The proposed study meets the criteria for use of SPR funds for research and development studies without non-Federal matching funds. The approval status will be reflected on the TPF website: [www.pooledfund.org](http://www.pooledfund.org), which serves as the primary mechanism for communication regarding pooled fund studies.

Mr. Jongsun Won, Program Manager, Traffic & Reliability Data, will be the Federal Highway Administration’s technical liaison for this study. Mr. Won can be reached via telephone at (202) 366-1327 or via email at [jongsun.won@dot.gov](mailto:jongsun.won@dot.gov).

You may contact Tricia Sergeson at (202)493-3166 or [patricia.sergeson@dot.gov](mailto:patricia.sergeson@dot.gov) if you have questions or need further assistance.
