Iowa Division, Federal Highway Administration

Re: Pooled Fund Project TPF-5(100) Slag Cement

This letter is a revision due to a change in the SPR research funding administrator at the Iowa Department of Transportation. The Iowa Department of Transportation accepts the responsibility to lead the pooled fund project TPF-5(100) Deicer Scaling Resistance of Concrete Mixtures Containing Slag Cement.

Iowa DOT will administer pooled fund contributions, both Federal and non-Federal, transferred through FMIS, interstate transfers or through the pay.gov procedure, and will review and pay expenses related to this project. All monetary transactions will be documented according to DOT procedures and Federal laws.

Please contact Linda Narigon at (515) 239-1471 if you have any questions.

Sincerely,

A handwritten signature in black ink that reads "Peggi Knight". The signature is written in a cursive, flowing style.

Peggi Knight  
Director, Office of Research & Development
