RE: Pooled Fund 100 Percent SP&R Waiver Request- TPF-05(317), the Evaluation of Low Cost Safety Improvements Pooled Fund Study

Dear Mr. Pamplin:

The Federal Highway Administration (FHWA), Office of Safety Research and Development would like to establish a pooled fund study using 100 percent SP&R funding for the TPF-5(317), the Evaluation of Low Cost Safety Improvements Pooled Fund Study.

The FHWA, Office of Safety Research and Development estimates up to 38 state DOTs will participate in this study with FHWA as the lead agency. We anticipate that most of the participating state DOTs will use SP&R funding. This is a continuation of Pooled Fund Study TPF-5(099).

Your approval to establish this pooled fund study at 100 percent SP&R funding, while waiving the non-Federal funds match requirement, would be greatly appreciated. If you have any questions, please feel free to contact me at 202-493-3074 or monique.evans@dot.gov.

Sincerely,

Monique R. Evans
Director, Office of Safety Research and Development
