Associate Administrator for Research,
Development, and Technology
McLean, VA

In Reply Refer To:
HRTM-10

To: Phillip Ditzler
Division Administrator (HDA-OR)
Salem, OR

This is in response to the June 20, e-mail from Jazmin Casas of your staff, requesting the waiver of the non-Federal funding match for State Planning and Research (SP&R) funds for pooled fund solicitation 1348 "Western Road Usage Charging Consortium". We understand that the Oregon Department of Transportation will be the lead agency for this project.

The proposed study meets the criteria for use of SP&R funds used for Research and Development studies without non-Federal matching funds. The approval status will be reflected on the Transportation Pooled Fund website: www.pooledfund.org, which serves as the primary mechanism for communication regarding pooled fund studies.

It is important to remember that the lead agency contact is required to report on the status of the pooled fund study on a timely basis. The contact should indicate when a contract is signed, and electronic copies of the quarterly and final reports and other relevant study documents should be posted on the website. By doing so, the lead agency will be fulfilling its obligation to provide information to its partners on the status of the project.

Angela Jacobs, Office of Transportation Management, Program Specialist Congestion Management and Pricing Team will be the Federal Highway Administration's Technical Liaison for this study. Ms. Jacobs can be reached via phone at (202) 366-0076 or e-mail: Angela.Jacobs@dot.gov. We hope that Ms. Jacobs will have the opportunity to participate in the study activities as a technical resource to the project.

You may contact Laurel Radow at (202) 493-3166 or Jack Jernigan at (202) 493-3363 in the Office of Corporate Research, Technology, and Innovation Management if you have any questions or need further assistance.
