Subject: **IMPORTANT:** Pooled Fund Solicitation #1443 Date: **FEB 28 2017**
“Core Program Services for a Highway RD&T
Program – FFY 2017 (TRB FY 2018)”

This is in response to Jean Landolt’s request for the waiver of the non-federal funding match for State Planning and Research (SP&R) funds for the “Core Program Services for a Highway RD&T Program – FFY 2017 (TRB FY 2018).”

The study meets the criteria for the use of SP&R funds used for Research and Development studies without non-Federal matching funds. The approval status will be reflected on the Transportation Pooled Fund Website: www.pooledfund.org, which serves as the primary mechanism for communication regarding pooled fund studies.

It is important to remember that the lead agency contact is required to report on the status of the pooled fund study on a timely basis. The contact should ensure reports and other relevant study documents are posted on the website. By doing so, the lead agency will be fulfilling its obligations to provide information to its partners on the status of the project.

You may contact David Pamplin, TPF Program Manager, Office of Corporate Research, Technology, and Innovation Management (HRTM-10), at 202-493-3166, if you have any questions or need further assistance.
