Darla Hugaboom
FHWA, Iowa Division
105 Sixth Street
Ames, IA 50010

Dear Ms. Hugaboom:

The Iowa Department of Transportation is seeking partner agencies for the following transportation pooled fund solicitation:

Performance Engineered Concrete Paving Mixtures, Solicitation 1439.

The Iowa DOT will serve as lead agency for this proposed project. In support of this solicitation, the Iowa DOT requests a waiver to the non-Federal funding match for State Planning and Research funds for the conduct of this project. This waiver will allow for the use of 100% federal funds for this project.

Thank you for your consideration.

Sincerely,

Brian Worrel, P.E.
SPR Research Engineer
