Administration**

Memorandum

6300 Georgetown Pike
McLean, VA 22101

Subject: **IMPORTANT:** Pooled Fund Solicitation
#1451 "Drivers Failing to Yield at Multi-
Lane Roundabout Exits"

Date: SEP 26 2017

From: Michael F. Trentacoste 
Associate Administrator for Research,
Development, and Technology
McLean, VA

In Reply Refer To:
HRTM-10

To: Monique R. Evans
Director, Office of Safety R&D (HRDS-1)
McLean, VA

This is in response to the September 25 e-mail from Wei Zhang of your staff, requesting the waiver of the non-Federal funding match for State Planning and Research-Subpart B (SP&R-Subpart B) funds for pooled fund project solicitation number 1451, "Drivers Failing to Yield at Multi-Lane Roundabout Exits." We understand that Federal Highway will be the lead agency and Wei Zhang the lead contact person for this project.

The study meets the criteria for use of SP&R-Subpart B funds used for Research and Development studies without non-Federal matching funds. The approval status will be reflected on the Transportation Pooled Fund Website: www.pooledfund.org, which serves as the primary mechanism for communication regarding pooled fund studies.

It is important to remember that the lead agency contact is required to report on the status of the pooled fund study on a timely basis. The contact should indicate when a contract is signed, and electronic copies of the quarterly and final reports and other relevant study documents should be posted on the website. By doing so, the lead agency will be fulfilling its obligation to provide information to its partners on the status of the project.

You may contact David Pamplin (202)-493-3166 in the Office of Corporate Research, Technology, and Innovation Management if you have any questions or need further assistance.
