RE: Design Guidelines and Mitigation Strategies for Reducing Sedimentation of Multi-Barrel Culverts

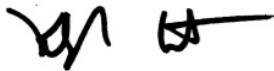

Dear Mr. Marshall:

The Iowa Department of Transportation is the lead state for the pooled fund study TPF-5(445) "Design Guidelines and Mitigation Strategies for Reducing Sedimentation of Multi-Barrel Culverts."

The Iowa Department of Transportation accepts the role of lead agency and agrees to receive, obligate, expend, and manage contributions from participating agencies.

Participating agencies are requested to submit a copy of this letter with their funding transfer request form for this project to their respective FHWA Division Office for concurrence.

Sincerely,

Khyle Clute, P.E.
SPR Research Engineer
Iowa Department of Transportation – Research & Analytics Bureau
Iowa State University – Institute for Transportation
