Memorandum

6300 Georgetown Pike
McLean, VA 22101

Subject: **INFORMATION:** Pooled Fund Solicitation
#1511 “Design Guidance for Large Woody
Debris (LWD) near Hydraulic Structures”

Date: **JAN 06 2020**

From: David R. Winter 
Acting Associate Administrator for Research,
Development, and Technology
McLean, VA

In Reply Refer To:
HRTM-10

To: Daniel M. Mathis
Division Administrator (HDA-WA)
Olympia, WA

This memorandum is in response to the December 26, 2019, e-mail from Megan Hall of your staff, requesting the waiver of the non-Federal funding match for State Planning and Research–Subpart B (SP&R–Subpart B) funds for pooled fund solicitation 1511 “Design Guidance for Large Woody Debris (LWD) near Hydraulic Structures”. We understand that the Washington State Department of Transportation will be the lead agency for this project.

The proposed study meets the criteria for use of SP&R–Subpart B funds used for research and development studies without non-Federal matching funds. The approval status will be reflected on the Transportation Pooled Fund website: www.pooledfund.org, which serves as the primary mechanism for communication regarding pooled fund studies.

It is important to remember that the lead agency contact is required to report on the status of the pooled fund study on a timely basis. The contact should indicate when a contract is signed, and electronic copies of the quarterly and final reports and other relevant study documents should be posted on the website. By doing so, the lead agency will be fulfilling its obligation to provide information to its partners on the status of the project.

Kornel Kerenyi, Hydraulics Research Program Manager in the Office of Infrastructure R&D, will be the Federal Highway Administration’s Technical Liaison for this study. Mr. Kerenyi can be reached via telephone at (202) 493-3142 or e-mail: kornel.kerenyi@dot.gov. We hope that Mr. Kerenyi will have the opportunity to participate in the study activities as a technical resource to the project.

You may contact Jack Jernigan via telephone (202) 493-3363 or email at jack.jernigan@dot.gov if you have questions or need further assistance.
