Dear Mr. Ward:

The Missouri Department of Transportation (MoDOT) would like to request Federal Highway Administration (FHWA) approval to establish a pooled fund study using 100 percent SP&R funding for solicitation # 1523– Fiber-Reinforced Concrete with Adapted Rheology for Bridge Construction and Rehabilitation.

The establishment of this pooled fund has already been approved for inclusion into the MoDOT work program. This step will establish the pooled fund using 100 percent SPR Funding.

Your approval to establish this pooled fund at 100 percent SPR funding is greatly appreciated. Should you have any questions, please let me know. You may contact me at 573-526-3636 or via e-mail at Jennifer.Harper@modot.mo.gov.

Sincerely,

Jen Harper
Research Director
