

TPF EXCELLENCE AWARDS

Transportation Pooled Fund (TPF) Excellence Awards

Frequently Asked Questions

What is the TPF Program?

The TPF Program, established by the Federal Highway Administration (FHWA), enables public and private entities to combine resources to conduct high-priority research on a wide variety of shared, transportation-related problems. Pooling funds, expertise, and other resources allows participants to develop innovative solutions through research, planning, and technology transfer activities at less of a cost than conducting the research alone. Pooling funds helps to extend the reach and impact of participants' research. To learn more, visit <https://www.pooledfund.org/Home/ExcellenceAwardsProgram>.¹

What are the TPF Excellence Awards?

The biennial TPF Excellence Awards highlight the importance of meaningful collaboration and partnership in transportation research by recognizing TPF studies that have significantly advanced national research efforts in the areas of safety, economic growth, equity, climate solutions, and/or transformation. Administered through a partnership between FHWA and the American Association of State Highway and Transportation Officials (AASHTO) Research Advisory Committee (RAC), the biennial TPF Excellence Awards recognize two TPF studies, with at least one led by a State department of transportation.

What projects are eligible for a TPF Excellence Awards nomination?

Any TPF study that has posted a final deliverable by June 30, 2024 is eligible for a TPF Excellence Awards nomination. There is currently no limit on the age of a TPF study that can be submitted.

Who can nominate a project?

Any participant in the TPF Program can nominate an eligible TPF study. The nominator is responsible for completing the [nomination form](#)¹ that summarizes the outstanding accomplishments of the entry.

How will nominations be evaluated?

A panel of independent judges from various backgrounds will review and evaluate nominations based on how clearly the application demonstrates and describes how the TPF study research achieved the following:

- Collaboration/strong partnership.
- Improvements to the transportation industry.
- Value added to and utilization and implementation by the transportation community.
- Promotion of research and/or innovation.
- Use of project deliverables by multiple State partners.
- Advancement of one or more of the [U.S. Department of Transportation strategic goals](#)²: safety, economic strength, equity, climate and sustainability, transformation, and organizational excellence.

When are TPF Excellence Awards nominations due?

As a biennial award program, nominations for the TPF Program Excellence Awards are collected in the fall of odd years.

Nominations for the 2024 TPF Excellence Awards cycle will open in August 2023 and close in September 2023. Please check <https://www.pooledfund.org/Home/ExcellenceAwardsProgram>¹ for more information on the current award cycle’s due dates and the most recent announcements about the TPF Program Excellence Awards.

How do I submit a nomination?

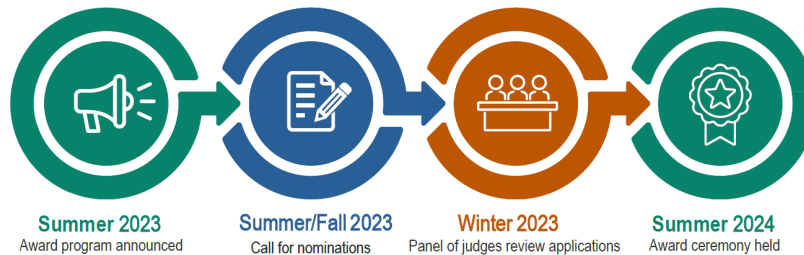

Nominators should complete the [nomination form](#)¹ and submit it via email to tpfexcellenceawards@dot.gov.

When will nominations receive feedback of award status?

The TPF Excellence Awards will notify awardees and nonrecipients of their status in the spring of even years.

What is the timeline for the biennial TPF Excellence Awards cycle?

- *Spring, year 1:* The TPF Excellence Awards working group develops selection criteria.
- *Summer, year 1:* The TPF Program markets and advertises the award program.
- *Fall, year 1:* The TPF Program opens the call for nominations.
- *Winter, year 1:* A panel of judges reviews submitted materials.
- *Summer, year 2:* Awardees are recognized at an awards ceremony held in conjunction with the annual AASHTO RAC meeting.

Source: FHWA.

How will the awarded projects be recognized?

FHWA will use the collected information from awarded projects to showcase and enhance the public’s knowledge of the research and innovation conducted through the TPF Program. Awardees will be featured on the [FHWA Research and Technology website](#),³ highlighted in a *Public Roads*⁴ magazine article, recognized at an awards ceremony held in conjunction with the annual AASHTO RAC meeting, and acknowledged in a post-ceremony webinar.

My question wasn’t addressed on this page! What do I do?
