Circumstance affecting project or budget. (Please describe any challenges encountered or anticipated that might affect the completion of the project within the time, scope and fiscal constraints set forth in the agreement, along with recommended solutions to those problems).

This contract is currently over budget. At the MAFC Annual Meeting in April 2012, an additional \$10,000 was approved by technical committee members to cover meeting costs. A contract amendment was postponed until the MAASTO meeting in July 2012. The outcome of the MAASTO meeting approved renewing the pooled fund for another three years to 2015. An amendment will be submitted shortly in the amount of \$60,000. This amount will cover the 2012 meeting and the remaining will cover the 2012 meeting. The project's end date will also be extended.
