<i>Objective</i> The purpose of the WPPP is to provide a partnering forum for promoting effective pavement preservation strategies through the following objectives: (1) provide funds for a multi-day annual workshop for discussion and exchange of information and knowledge about each state's pavement preservation program, (2) provide a means to define, support and share technology of mutual interest, (3) provide funds for formal training presentations during the annual workshop, and (4) provide funds for special studies, investigations, research and training.				

Project Progress:

A brochure is being developed on pavement preservation.

New Period Proposed Activity:

Discuss the proposed scope of work and determine appropriate funding.

Attract other partner states.
